

## TechGrip 30PS Water-Based Black Anti-Slip Paint

Black, Low VOC, Water Based

### DESCRIPTION:

**TechGrip 30PS** is a durable, water-based black coating designed to reduce pedestrian slips with excellent adhesion to various substrates. It is a complete water-based coating that is fast drying and can be air-dried or force dried and does not need high temperature bake cycles. **TechGrip 30PS** does not contribute significantly to VOC emissions, nor does it contain any heavy metals.

### TYPICAL PROPERTIES (NOT SPECIFICATIONS):

|  |                     |
|--|---------------------|
| Appearance                                       | Black Grainy Liquid |
| Viscosity Brookfield #64 @ 20 rpm, FWI 3.03      | 3000-3500 cPs       |
| % Solids By Weight, FWI 3.29                     | 72-77%              |
| Pounds Per Gallon, ASTM D-1475                   | 11.9                |
| pH Neat, FWI 3.02                                | 9.0                 |
| Volatile Organic Compounds, (Calculated) lbs/gal | 0.32                |

### FEATURES / BENEFITS:

- Fast and easy cleanup
- Considered Low Slip Potential via ASTM-E303-22
- Excellent adhesion on various substrates.
- Single component therefore longer pot life

### MIX / APPLICATION & USE:

Roller applied

## TechGrip 30PS Water-Based Black Anti-Slip Paint

Black, Low VOC, Water Based

### HEALTH & SAFETY:

**TechGrip 30PS** is available at our Brighton, Michigan facility in 55-gallon drums and 5 gallon pails.

**Storage And Handling:** See Safety Data Sheet Before Use.

**Do not freeze.** Store at temperature between 45-100 degrees Fahrenheit. Do not pressurize container or reuse empty container.
